**Wonderful Laptop - Outstanding Quality**

Incentivized Verified Purchaser Owned for 1 week My Best Buy\* Member

**Surprisingly good laptop, for the right price**

Incentivized Verified Purchaser Owned for 2 months My Best Buy\* Member

The RTX 4070 mobile does a decent job with gaming when hooked up to my 165Hz 34" ultrawide monitor as well. The amount of ports included is ...

The Alienware management software allows for processor overclocking as well as the BIOS. I use Intel's extreme tuning utility. Keeping software and drivers up to date can be done easily through Alienware app. This laptop will run ...
